

Rhode Island Department of Human Services

COVID-19 Child Care Plan

The Department of Human Services (DHS) recognizes the need to reopen safe, developmentally appropriate child care for working families in RI. Given the implications and potential risks of COVID-19, the state is exercising additional precautions to protect the health and safety of children and ensure child care programs adhere to public health protections to prevent the spread of COVID-19.

Rhode Island has authorized child care programs to reopen as of June 1, 2020 under new, emergency child care licensing regulations (<http://www.dhs.ri.gov/Regulations/index.php>) All Child Care Center/Family Child Care providers must complete the following form in advance of reopening to demonstrate compliance to these new regulations.

Please submit your completed form to DHS Office Of Child Care Licensing via email: DHS.ChildCareLicensing@dhs.ri.gov. Once the plan has been approved, you will receive written approval from DHS to reopen. A copy of your approved plan must be posted and available during all business hours while the current emergency regulations are in effect. Please contact your assigned licensor with any questions.
